ROCKBRIDGE COMMENCES DRILLING OPERATIONS ON CROSS HILLS PROPERTY

VANCOUVER, BC – RockBridge Resources Inc. (RockBridge- TSXV symbol- “RBE”) is pleased to announce that it has started diamond drilling operations for mineral samples on its Cross Hills property, located near the community of Grand Le Pierre in southern Newfoundland. The Cross Hills property consists of 100% interest in 343 mineral claims covering 20,923 acres, prospective for Rare Earth Elements and Metals and for Copper.

The team from New Valley Drilling Co. Ltd. of Springdale, Newfoundland has commenced the drilling program on the property, during the drilling program, further prospecting and sampling will continue.

CBC Newfoundland in an upcoming news broadcast will be featuring the commencement of operations by RockBridge and the town of Grand Le Pierre

The Cross Hills property has been identified as prospective for Rare Earth Elements and Copper. RockBridge’s prospecting programs have identified Yttrium + Total Rare Earth Oxides (Y + TREO) up to 1.11%, and Copper mineralization up to 1.95%.

RockBridge President, Gary Mathiesen, stated “We are pleased to have started the drilling program on the Cross Hills property and look forward to the results of Cross Hill’s first ever drill program.”
